

Are you worried that you have a slow metabolism?

We can now measure how many calories *you* burn with the

MedGem[®] Analyzer by **healthetech**

Nutrifit, Sport, Therapy, Inc. has added the breakthrough technology of the MedGem[®] Analyzer to provide new benefits to our clients. Until now, metabolic rates were estimated through equations. Thanks to the MedGem[®] Analyzer, we can now view how you burn calories in real time and provide a more accurate assessment to help you begin your health, wellness and fitness journey!

Call today to schedule your metabolic assessment with the cutting technology of the MedGem[®] Analyzer. This test takes no more than 20 minutes to administer.
