Board President, Page Love

I have found my time with EDIN invaluable since its origin a couple of decades ago as the "Atlanta Anti-Eating Disorders League". I have been lucky enough to watch EDIN evolve and be a part of its movement from our first fundraising gala with Jane Fonda as MC and attending many What's Eating Katie plays and Celebrity Dance Challenges to being involved in countless outreach talks in schools and helping with many creative nutrition presentations and panels with Love Your Body Month here in Atlanta and most recently the new Atlanta Smash Your Scale event!

EDIN has done so much to help young men and women with body image in the Atlanta community. I am so excited about this year's new board and the start of our 2 additional boards, the junior advisory board and the professional advisory board. We are kicking off this year in grand style with a new website and many new excited volunteers....be on the lookout for much ahead from Merricks Walk to next springs Celebrity Dance Challenge. Please come join us and be a part of our new and improved community outreach programs!

You can request Page to speak at your school or community event by emailing info@myedin.org, or support her Merrick's Walk team by [donating here](#).
